THE TEAM

Sara Meeks, PT, MS, GCS and her husband, John Harrison, BA, LMT are a dynamic-duo team that travels internationally presenting seminars on Osteoporosis management. Sara is a Physical Therapist with 50 years clinical experience and has specialized in the management of persons with compromised bone health for 27 of those years. A Kripalu Yoga Instructor since 1984, an APTA award-winning clinician, and diagnosed with osteoporosis herself, Sara brings enthusiasm, humor and a distinct sense of mission into her teachings and practice.

With 3 levels of instruction on the physical therapy management of the patient with low bone mass and a certification program in The Meeks Method, Sara and John followed the lead of senior clinicians and held the First Annual Conference on The Meeks Method at Sundance UT in February 2010.

Please consider joining them for 3 days of cutting-edge, evidence and clinical-based seminars by dynamic and forward-thinking clinicians.
